1864, a Commission (or appointment), bearing date from the 14 day of
December 1863, as 1st Lieut in the 22
Regiment Kentucky Infantry 10th, that since the 17
day of February 1864, I actually performed the duties as
1st Lieut of Co. B in the aforesaid Regt., that the vacancy
occurred by the discharge of Evans
on or before the 9 day of August 1863, that I was
last borne on the Muster and Pay-Roll of Company B in the same
Regiment, as 3rd Lieut

made every effort to be mustered into the service of the United States at an earlier date,
but without success for the following reasons:

*I made immediate ap-

muster me, as soon as I received my Commission.
He was unable to muster me, in consequence
of the sickness of recruits, and his absence from Baton

Lieut. Paul W. Steele Co B 22nd Regt. of Ky Infantry
 having applied for a Certificate on which to ground an
 application for leave of absence. I do hereby certify that
 I have carefully examined this officer, and find that he is
 suffering from a severe form of intermittent fever, contracted
 while on guard duty a swamp six weeks ago. he has been
 under regular medical treatment since that time, from which he
 obtained only temporary relief, and that in consequence
 thereof he is in my opinion unfit for duty, and has been so
 for forty days. I further declare my belief that he will not
 be able to resume his duties in a less period than thirty
 days and recommend that he be permitted to go beyond
 the limits of this Department in order to prevent permanent
 disability.

ARTICLES OF WAR.

ART. 35. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be insured for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

PAR. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 35th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventory. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster-roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

PAR. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

PAR. 154. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

FINAL STATEMENT

of
P. Robert Stark Co. K.
29th Regt of Kentucky Infantry

VOLUNTEERS.

Disch Sept 6. 1864.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment enforced on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the closing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Arrears due the Soldier and Landfree must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

I certify, on honor, that Robert Hunt a Private of

- 5..A careful statement of the man's CLOTHING ACCOUNT must be made, to date, and the amount DUE TO, or FROM him must be precisely stated.
- 6..Should the man have been engaged in any action or skirmish, it must be mentioned, together with date and place. A full and particular mention will be made of any wounds he may have received in action, or other injury, whilst in the line of his duty.
- 7..If the soldier is entitled to pay for the use of his horse, the company commander will certify to that fact on this list, and also to the time he has pay due for having been so mounted on his own horse.
- 8..When a soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to pay a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. - 10..Men drafted will be considered as mustered in from the date of their draft, and will be mustered for pay on the muster rolls for Volunteers. On the same line as the soldier's name, under the heading "Joined for Duty and Enrolled."—(Commencement of First Payment by Time," will be written the word drafted, or substitute, as the case may be; and under the heading "When Mustered in" will be given the date when the soldier was drafted, or, if a substitute, when enlisted. (substituted, under the Enrollment Act, are mustered in by enlistment.) under "Where Mustered in," will be given the place from which drafted. (or if a substitute, where enlisted.) under the heading "By whom Mustered in," will be given the No. of the Enrollment District from which he was drafted, and the State to which it belongs, thus: 4th D. Mass.; (meaning 4th Enrollment District, State of Massachusetts.) Or if a substitute, the name of the officer enlisting him. (When enlisted by Board of Enrollment, the name of the Provost Marshal of the Enrollment District.)
- 11..A separate descriptive list should, as a general rule, be given for each man.
- 12..Descriptive lists must, in all cases, be signed by COMMISSIONED OFFICERS; not by enlisted men acting as such.

ART. 50. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

Par. 151. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 50th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; in what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster-roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of _____, late of company (—) _____, regiment of _____, who died at _____, the _____ day of _____, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

Par. 152. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

Par. 153. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of _____, late of company (—) _____, regiment of _____, who died at _____, the _____ day of _____, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

This is to certify that I have been intimately acquainted with Dr. P. F. Stevenson, Surgeon in 22nd Regt. Infy. Vol., for more than fifteen months. During all of this time, he has been on occasions, afflicted with hemorrhoids, especially after fatiguing marches and after protracted duties in the erect position.

His health has been at times insufficient to sustain him in the hard work he has had to perform. But for a remarkable will, he must have succumbed. He is now suffering from a miasmatic fever.

If any surgeon in the Division needs repose it is Dr. Stevenson, than whom no one has been more assiduous in the line of his duty.

I give it as my opinion that a leave of absence to go beyond the limits of the Dept. is necessary for the restoration of his health. Given under my hand near Fort Totten near of

Col J. W. Moore,

I respectfully ask leave of absence with
permission to go beyond the limits of this Department for
such period of time as the Regulations allow. I have been
in the service several months; have never had a day's
and have been off duty but two days in that period.

By late I have suffered from daily recurring
attacks of Malarial fever, and I have asked of the Surgeon
in Chief of the Division the appointment of a Board of
Surgeons to examine my Condition.

I am Very Respectfully
Yours, &c.

Sir,

I hereby respectfully tender an unconditional resignation of my position of Surgeon to the 22^d Regt H. V. Infantry, to take effect from and after the 1st of March 1864. The reasons which constrain me to this action are,

1st The failing health of my wife, which imperatively requires my presence with my family.

2^d My own impaired health, which with my age (I am fifty two years old) admonishes me to give place to younger men.

3^d The reduced numbers of the regiment, there being present three hundred and thirty eight men, and ninety nine absent; making in the aggregate four hundred and thirty seven enlisted men in the regiment.

4th There are two Asst Surgeons in Commission with the regiment, either of whom are competent to the discharge of the duties of the position.

I certify on honor that I am not indebted to the U. S. Government to any amount; was last paid by Major Baker to embrace the 31st of October 1863, and that I have not at any time been absent from duty with the regiment without proper authority.

Very Respectfully Yours Obedt

Memoranda:

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. l. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by command of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be referred through the same channel to the regimental, post, or detachment commander, who will, if the discharge is approved by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper, see that the soldier is furnished with the proper final statement in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

Discharged from his 22nd Ky Dist Inf. has been discharged from his 22nd Ky Dist Inf. has deserted at Wernersburg Ky while on furlough. On landing and officer to arrest him he presented an apparently genuine discharge, and he was not arrested. Capt Wm L. Chas. Stewart arrested on Jan 1st and Stewart claimed that he had lost his discharge. Was sent to Louisville Ky. where he was released on order of Col. Halliday.

Said Stewart is a lawyer and cannot plead ignorance as an excuse. Suspected to be a rabid copper head and wrote letters to his friends in the regiment denouncing the administration. Capt Wm L. Chas. Stewart's proper discharge.

Major:

I desire to know whether or not Charles Stewart has been discharged from service. He belongs to Company (C) 22^d Reg Ky Vol Infy. and deserted at Cumberland Gap whilst on picket. Sometime ago I sent an officer especially to arrest him. On finding him he presented what appeared to be a genuine discharge and he returned without arresting him. I thought it extremely unlikely that his discharge was genuine and I told my officers to bring him and his discharge to me that I might examine his discharge. They succeeded in arresting him the 19th day of January. I asked him for his discharge, he said that he had lost it, but had been informed that it was not right and it was not important. I sent ^{him} to the Post at Catterburg. When I was at Catterburg, Maj Thomas Commanding Post informed me that Col Gallup had ordered him not to send Charles Stewart off with the other

prisoners. Maj Thomas informed me also, that
the Hon Sabin Moore, a distinguished lawyer
and brother-in-law to Col Gallup had under-
taken to procure his release. Today I am informed
by persons from Catskillburg that he has been released
Nor had satisfied Col Gallup that he had had
a discharge but had lost it. Nor proved this
by persons who had seen it.

Chas Stewart is himself a lawyer and can-
not ^{plead} ignorance as an excuse. It is reported of him
that after his desertion, he became a refugee Cop-
perhead, and wrote letters to his friends in
the Regiment against Lincoln's proclamation, which
was calculated to produce dissatisfaction and
desertion. Yet, if he is properly discharged, it
is all right, but of which I have great doubt.

I am Very Respectfully
Your obedient servant
Wm. Collins

ARTICLE 4 OF WAR.

ART. 93. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the nearest military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

PAR. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 93rd Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster-roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

PAR. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

PAR. 154. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

FINAL STATEMENT

OF

William C. Stewart
Dr. 60th Regt
22^d Regt of Kentucky

VOLUNTEERS.

Quit Jan 11. 1862.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMANDER of the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment entered on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete account of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for such pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities and not by the United States, will not be entered on this statement.

NOTE 6.—Accounts due the Butler and Laundress must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

FINAL STATEMENT

P. *William Stratton*
22^d Reg't of Kentucky Infantry
C. I. VOLUNTEERS.
Disch July 31. 1864.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authority, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landwage must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 7.—This blank will be used for deceased volunteers and drafted men, as well as for others.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Adjutant General, Washington, D. C.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *1*, *2*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edit. 1881.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, &c., or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to determine the nature of the disease.

ROLLS.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not under any circumstances be given into the hands of the soldier.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *h. h.*, &c., &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1260 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his endorsement thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; see that the soldier is furnished with the proper final statements in duplicate, and forward them, if three certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

Colonel

I beg leave to submit the following
report as to my wounds and absence from the
Regiment.

I was wounded on the 16th May about 8 p.m.
at Champion Hill Miss by the premature explosion
of a wagon load of Canard Ammunition which
I was ordered to destroy by Col Lindsey Comd'g
I was kept in hospitals on R Road
in rear of Vicksburg until the first of June when
I was removed to Hospital Boat on Yazoo River
at Chickasaw Landing on the 14th was sent via
Hospital Boat to Officers Hospital Memphis Tenn
where I arrived on the 8th and there remained
until the 28th at which time I rec'd a leave
of absence for the term of twenty days upon
which I went north. at the expiration of which
time finding myself unable for duty I reported
to Doct Montmullen in charge of U.S Hospital
Ashland Ky, and rec'd from him a certificate
of disability for twenty days. at the expiration
of which time still finding myself unable for
duty I again reported for duty to Doct
Montmullen and rec'd another certificate for
twenty days. at the end of which time I reported
to General Hospital Ashland Ky and was
examined by Doct Wiles Surg in Charge
who advised me to remain for a least twenty

days more he giving me a certificate to that effect all of which are herewith enclosed

On the 18th of August I was requested by Genl Delaney to accompany him on an expedition against Bent Gap if my health would permit I accordingly consulted my physician who informed me I would be probably benefited by the trip.

I therefore joined de Conroy on the 20th at Lexington Ky who informed me that he had been assured by Genl Burmester that our Brigade would be at once sent to Ky.

I was at the same time ordered to duty by Col de Conroy as his A. A. Agent this I accepted by the earnest solicitation of the Col whose Command was composed of new recruits who had just come into the field and wholly inexperienced in the duties devolving upon them.

I acted in the capacity of a guide during this expedition and noticed the surrender of the Gap Sept 9th when I asked to be relieved and permitted to rejoin my Regiment. On the 11th I received an order from Col. Lemuel Comdg Post at Cumberland Gap to rejoin my Regt via Lexington Ky & Cincinnati & when I reached Lexington I was not able to travel any further and reported to Genl Hospital and received a discharge from said Hospital Oct 9th.

I will now further state that at no time during my absence from the Regt have I been able for active service but so far from it that during my trip to the Gap I had to be conveyed a great portion of the time in an Ambulance.

nor have I yet recovered my health so
as to be fit for duty

I respectfully submit the above for
the consideration of the proper authorities

I have the honor to be

of the twenty-second regiment
of Kentucky Infantry volunteers. Having applied for
a certificate on which to ground an application
for leave of absence, I do hereby certify that I
have carefully examined this officer, and find that
he is still laboring under the effects of contusion
received by explosion of gunpowder at Champion Hill
on the 16th of May last, and that in consequence
thereof, he is in my opinion unfit for duty. I
further declare my belief that he will not be able
to resume his duty in a less period than twenty
days.

As per

Camp Pickensburg Miss
July 27th 1863

Lieut Col C. W. Moore Commanding 22nd Regt Col

I hereby respectfully resign
my position as first Lieut. Co. 22nd Regt Col
The following are my reasons for the above step.

I The Company of which I am Lieut. has
for the last seven months been connected to
Company "D". Each of the two Companies
has a Captain & first Lieut. at no time
within seven months have the two Companies
numbered fifty men present. If the Company
should be filled up there are men in the ranks
who have merited promotion and who I
think are well qualified to fill any position
in a Company.

II My Father-in-law with whom I left my family
having lost his health since I enlisted desires
that I should relieve him from the care of my
family.

III My business which has been unsettled for two
years demands my immediate attention.

IV My health is so much impaired that it

was with great difficulty that I kept with
the company on the last march
the illness of our commander makes it
my duty to resign. I after procuring a horse
for my family and adjusting my business my
father will admit I design enlisting in Cavalry.

I certify that I am not in any way indebted
to the United States Government have never
been absent from the Regiment without leave
Was last paid by May Penny to include the 30th
of April 1855

Believing that the reasons for my
resignation will be duly considered I am
Colonel Your Very Obedt Servt

I hereby certify that Lieut. D. G. Sherman is not
indebted to the Quarter Master Department of the 22nd

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. b. dec.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1250 Regulations, Edit. 1861.

Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, opthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be made out in duplicate by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward them papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; so that the soldier is furnished with the proper final statements in duplicate, and forward BOTH of these certificates down to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

ARTICLES OF WAR.

ART. 23. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preassignment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

PAR. 122. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 23d Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

PAR. 123. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

PAR. 124. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts thereto should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

FINAL STATEMENT

OF

VOLUNTEERS.

NOTE 1.—Two of these certificates (or duplicates) are to be given to each Volunteer Soldier or drafted man who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c., due him, and the captain or other COMMISSIONED officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact on the back of both these final statements, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—When a Soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the Soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the Soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the Soldier, who will enter all the data necessary to a full understanding of the Soldier's account on the muster roll upon which the Soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the Soldier's account may be settled upon the receipt of these muster rolls, and the Soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

NOTE 4.—Charges for loss or injury to ordnance, horse equipments, and other miscellaneous charges, should appear under the heading of "Other Stoppages."

NOTE 5.—Bounty paid by State authorities, and not by the United States, will not be entered on this statement.

NOTE 6.—Amounts due the Soldier and Landworn must be entered on the muster roll on which the discharge, death, desertion, &c., is reported, as well as on the final statement; otherwise the amount cannot be collected from the United States.

NOTE 8.—Where a Soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate, to the Second Auditor, Washington, D. C.

I do certify that I have this day examined John Barney Unkroun and I find him laboring under Miasmatic Fever which will in all probability prevent his returning to his regiment for twenty or thirty days but he will be examined every week and reported to his regiment.

I do further certify that I saw his furlough this day and in looking over it I found that there is no date to his furlough nor no limit to it and he wishes you to send him a certificate of his having received a furlough from your hands and give him the date of it that he can receive his money on his pay roll, he will give you his address when he writes

Lieut. M. R. January 1863

22^d Ky. Solo

signed, B. F. Stevenson

Surgeon

Private Henry Valence, Co. C, received a gunshot wound in the right shoulder, ranging from above downward and inward, passing through the capsule of the joint and striking the humerus near the anatomical neck, shattering the bone for five inches in extent. An effort was first made to save the limb by excising the head of the bone; but when the parts were laid open and the extent of fracture made apparent, that purpose was abandoned, and the arm amputated at the shoulder joint. Reaction came on in good time, and he promised well for eight and forty hours, after which time he sank rapidly, and died some sixty hours after the operation.

The boat was crowded to repletion; the ventilation was defective; the means for supplying the proper kind of nourishment was very scant; the noise and confusion inseparable from such a crowded condition all conspired to hasten his end.

FINAL STATEMENT

OF

22nd Reg't of *Kentucky*

NOTE 1.—Two of these certificates (or duplicates) are to be given to each volunteer soldier who may be discharged previously to the discharge of his company, that he may at once receive from the Paymaster the pay, &c. due him, and the captain or other officer commanding the company will certify to the act of the delivery of the duplicate certificates; on these certificates the Soldier is "entitled to" his discharge, and should also present his discharge to the Paymaster to have the payment endorsed on it. The discharge is to be given back to the Soldier by the Paymaster; the latter only retaining as his voucher the duplicate certificates.

NOTE 2.—If the Soldier is entitled to pay for the use of his horse, the Company Commander will certify to that fact, and also to the time he has pay due for having been so mounted on his own horse.

NOTE 3.—Amounts due the Soldier and Laurence must be entered on the Master Roll on which the Soldier's name, desertion, &c., is reported, as well as on the final statement, otherwise the amount cannot be collected from the United States.

NOTE 1.

The company commander will here add a statement of all the facts known to him concerning the disease or wound, or cause of disability of the soldier; the time, place, manner, and all the circumstances under which the injury occurred, or disease originated or appeared; the duty, or service, or situation of the soldier at the time the injury was received or disease contracted, stating particularly whether the injury was received or the disease contracted in the line of his duty; and whatever other facts may aid a judgment as to the cause, immediate or remote, of the disability, and the circumstances attending it.

When the facts are not known to the company commander, the certificate of any officer, or affidavit of other person having such knowledge, will be appended—as the surgeon in charge of a hospital, the officer commanding a detachment of recruits, &c., &c.

NOTE 2.

When a probable case for pension, special care must be taken to state the degree of disability—as *l. b. &c.*, &c.; to describe particularly the disability, wound, or disease; the extent to which it deprives him of the use of any limb or faculty, or affects his health, strength, activity, constitution, or capacity to labor or earn his subsistence. The surgeon will add, from his knowledge of the facts and circumstances, and from the evidence in the case, his professional opinion of the cause or origin of the disability. In the case of discharges by Medical Inspectors, the last paragraph will state that the "discharge was given by consent of the soldier, after a personal examination, and for disability, the nature, degree, and origin of which are correctly described in the within certificate."

Par. 1200 Regulations, Edn. 1861.
Medical officers, in giving certificates of disability, are to take particular care in all cases that have not been under their charge; and especially in epilepsy, convulsions, chronic rheumatism, derangement of the urinary organs, ophthalmia, ulcers, or any obscure disease liable to be feigned or purposely produced; and in no case shall such certificate be given until after sufficient time and examination to detect any attempt at deception.

DIRECTIONS.

This certificate will be sent to the surgeon by the soldier's company commander, or other officer commanding the separate detachment to which he belongs, and sent by him to the surgeon who has charge of the hospital where the soldier is sick. The surgeon will then fill out and sign the surgeon's certificate, and forward these papers to the regimental, detachment, or post commander, who will forward them, with his action endorsed thereon, through the proper channel, to his division commander; or, if the troops are not attached to a division, to his corps, department, or other commander or officer to whom the authority to discharge enlisted men may be specially delegated.

These certificates, after having received the action of the highest authority to which they are required to be sent, will be returned through the same channel to the regimental, post, or detachment commander, who will, if the discharge is authorized by the endorsement of the proper authority, sign the soldier's discharge, and the last certificate on this paper; or, that the soldier is furnished with the proper final statements in duplicate, and forward both of these certificates direct to the Adjutant General United States Army, at Washington, D. C.; they will not, under any circumstances, be given into the hands of the soldier.

ARTICLES OF WAR.

ART. 95. When any non-commissioned officer or soldier shall die, or be killed in the service of the United States, the then commanding officer of the troop or company shall, in the presence of two other commissioned officers, take an account of what effects he died possessed of, above his arms and accoutrements, and transmit the same to the office of the Department of War, which said effects are to be accounted for, and paid to the representatives of such deceased non-commissioned officer or soldier. And in case any of the officers, so authorized to take care of the effects of deceased officers and soldiers, should, before they have accounted to their representatives for the same, have occasion to leave the regiment or post, by preferment or otherwise, they shall, before they be permitted to quit the same, deposit in the hands of the commanding officer, or of the assistant military agent, all the effects of such deceased non-commissioned officers and soldiers, in order that the same may be secured for, and paid to, their respective representatives.

ARMY REGULATIONS—EDITION OF 1861.

DECEASED SOLDIERS.

PAR. 152. Inventories of the effects of deceased non-commissioned officers and soldiers, required by the 95th Article of War, will be forwarded to the Adjutant General, by the commander of the company to which the deceased belonged, and a duplicate of the same to the colonel of the regiment. Final statements of pay, clothing, &c., will be sent with the inventories. When a soldier dies at a post or station absent from his company, it will be the duty of his immediate commander to furnish the required inventory, and, at the same time, to forward to the commanding officer of the company to which the soldier belonged, a report of his death, specifying the date, place, and cause; to what time he was last paid, and the money or other effects in his possession at the time of his decease; which report will be noted on the next muster-roll of the company to which the man belonged. Each inventory will be endorsed, "Inventory of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—." If a legal representative receive the effects, it will be stated in the report. If the soldier leave no effects, the fact will be reported.

PAR. 153. Should the effects of a deceased non-commissioned officer or soldier not be administered upon within a short period after his decease, they shall be disposed of by a Council of Administration, under the authority of the commanding officer of the post, and the proceeds deposited with the Paymaster, to the credit of the United States, until they shall be claimed by the legal representatives of the deceased.

PAR. 154. In all such cases of sales by the Council of Administration, a statement in detail, or account of the proceeds, duly certified by the Council and commanding officer, accompanied by the Paymaster's receipt for the proceeds, will be forwarded by the commanding officer to the Adjutant General. The statement will be endorsed, "Report of the proceeds of the effects of _____, late of company (—) _____ regiment of _____, who died at _____, the _____ day of _____, 186—."

NOTE 1.—The effects in all cases, when called for, should be turned over to the legal representative, without further authority from the Adjutant General. When the effects are turned over to the relatives of the deceased before these inventories are sent to the Adjutant General, their receipts therefor should be attached to the inventories. In all other cases, one copy will be sent with a letter of transmittal direct to the Adjutant General, and a duplicate retained by the officer.

NOTE 2.—Particular care should be taken to take receipts in duplicate from the Paymaster for any funds turned over to him; one copy should be sent direct to the Adjutant General and one retained by the officer.

NOTES.

- 1..The amount of any arrears pay for which the soldier may be mustered, or, as Acting Hospital Steward, as Soldier, &c., and which may be still due him, must be carefully noted.
- 2..In the column headed "BOUNTY PAID," must be entered the whole amount actually paid him; in that of "BOUNTY DUE," the whole amount yet due him. Bounty paid by State authorities, and not by the United States, will not be entered on this statement.
- 3..Stoppages for loss or damage done to arms, or other public property, must be noted, and the articles, and particular damage to each, specified. When stoppages are due, under sentence of a Court Martial, a transcript of the same must be entered here; and the amount already stopped must be carefully stated.
- 4..In every case of desertion, the date, and that of delivery, or apprehension, must be given, together with a correct transcript of the order of sentence or pardon.
- 5..A careful statement of the man's CLOTHING ACCOUNT must be made, in date, and the amount DUE TO, or FROM him must be precisely stated.
- 6..Should the man have been engaged in any action or skirmish, it must be mentioned, together with date and place. A full and particular mention will be made of any wounds he may have received in action, or other injury, whilst in the line of his duty.

- 7..If the soldier is entitled to pay for the use of his horse, the company commander will certify to that fact on this list, and also to the time he has pay due for having been so mounted on his own horse.
- 8..When a soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to a full understanding of the soldier's account on the muster roll upon which the soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 2d Auditor of the Treasury Department.

- 9..Where a soldier dies in Hospital or on detached service, his descriptive list, if he has one, should be sent with his final statements, in duplicate to the Second Auditor, Washington, D. C.
- 10..Men drafted will be considered as mustered in from the date of draft, and will be mustered for pay on the usual rolls for Volunteers. On the same line as the soldier's name, under the heading "Joined Duty and Enrolled.—Commencement of First Payment by Treasurer," will be given the date when the soldier was drafted; under "When Mustered in," will be given the place from which drafted; under heading "By whom Mustered in," will be given the No. of the Regiment District from which he was drafted, and the State to which he belongs, thus: 4th D. Mass.; (meaning 4th Enrollment District, 2d Massachusetts.)
- 11..A separate descriptive list should, as a general rule, be given for each man.
- 12..Descriptive lists must, in all cases, be signed by commanding officers, not by enlisted men acting as such.

Quarters 7th Regt Ky V. V. I.
Baton Rouge La.
March 6. 1865

Capt J. Swigert
Frankfort Ky.

Dear Swigert,

I send this by John T. Warden (Private Co. 22nd Ky) He was forwarded to this place about a month ago to be mustered out. His Descriptive Roll must have been lost on the way as it can not be found in any of the Offices thro' which it should have been sent. I know nothing about his Clothing account or when he was last paid, so that it is impossible for him to be mustered out here. I have obtained a pass and Transportation for him to Louisville Ky, and if you still have the records of Company "G" I suppose you can give him another Descriptive Roll. The Mustering Office here will not muster him out without one.

Yours Truly

Proceedings of Court of Enquiry at Camp No 27

- Q1 Capt. Riggs Stated
The first I observed the man such remark
the first I heard him say, being back that
I saw I did not see the man spoken to
I then looked round saw the Prisoner
a gun at a way I thought the gun
was so far away not certain the distance
as he was passing the tent that he had better
have a look in his gun the other slooper being
by the side of the tent reached under and came
towards him a least 200 yds after rising in place
his right hand about the look of the gun
I do not know whether he was placing a
cop on the gun or not then was then a Tent
officer passing there in the place that he
was going in my view I would think not
quite a moment elapsed until I heard the
report of a gun and the direction the prisoner
went and to my right hand at the same time
I saw a man once that the man I would not
that time I heard some noise quite a way
which on advancing a few paces I found
it to be the Prisoner asking why in the name
of God you did not let him know the gun
was loaded this question being asked to find out
whether he took the gun I then started away
went to my segment
Q2 once this seems to be enough at the time
I thought when I looked at the Prisoner

Q That he was angry

Q When you heard him say bring back the gun
and you see him

Q Did you not that caused you to look around

Q Did you see only two men standing after

Q I passed from the two that were slightly
disturbed went to the one that was I think just
lying nearly looked at him then turned and
went away

The testimony of William Wilson

William Wells took a five dollar bill out
of J. Wells hand then said Wells took a gun
I don't know where he got it put it on the gun
in his shoulder at a ready there was a cap on
the ammunition who put it on I heard the
report of the gun and saw Wells fall and
was wounded very deeply then J Wells threw
himself down on the ground and began to cry

him five dollars for it and he told me it

say what passed Tanner & Jerry about
the money. Jerry held the five dollar bill
between his two hands and William Wells
came up and told him then Wells ran
to where the other was Jerry followed him then
Wells turned around and back Jerry followed
him and on his way picked up a Gun
Q whose Gun was it

The Tent and Bill Waller dodged behind a Tree
They were running around the tree for some time
and Waller jumped out from behind the Tree and
grabbed the Gun. They were getting the Gun from

I couldn't say whether Waller had hold of it or
not when it went off. Henry fell on his face
and asked what is the reason some of you
did not tell me it was loaded.

place or not?

A No Sir.

him that for the twenty dollar Bill and George
said he would sell it next I seen was
Mr. Halls with Jerry's five Dollars running
round the Quarters Jerry after him said he
a Bill said he will shoot him Jerry asked for
a Gun that some man was cleaning and the man
said it was loaded and he wouldn't give it to him
Mr. Tigg had his Gun behind a Log Jerry runs
over and took a hold of Tiggs Gun Tigg said
God a night want you to have that Gun alone
I want it clean for inspection Jerry didn't
obey the order but took his Gun (Tiggs Gun)
Jerry and Halls were laughing me and the ^{around} and
laughing next I heard someone hollow out
to Jerry to put a cap on the Gun. I seen
Jerry reach under the Tent and put his hand
in his cap. Box next I seen was Mr. Halls
have hold of the Muzzle of Jerry's Gun, next
I heard a report of a Gun and saw Jerry
and Halls on the ground some body asked
Jerry what was the matter with him. Jerry said

back to the log and picked up Mr. Jesse's Gun
Mr. Jesse told him to leave the Gun down for he would
shoot it Mr. Thaw then walked off with it and he
went around the tent and pulled the flap down from under
the tent and took a cap out of the box I did not see

lent me & I told him that I had lost the bill
& he said I would have to pay him one dollar
for it I told him I would pay him a dollar
if he would change me a twenty dollar bill
he took me up and I told him that it was counterfeit
that I didn't want to give him out of that much
money at which remark Jerry Thall told me that
he would give me five dollars for the bill pulling
the five dollar at the same time and holding it
in his hands. Just at that time Bill Thall
came out of the tent and matched the five
dollar bill from Jerry and started to run
and Jerry after him they were so near knocking
me down that I went in the tent that was the
last I saw of the affair until after the gun

DECLARATION OF RECRUIT.

NOTE 1.—This blank will be used for both enlistments and volunteer enlistments of veterans, &c., &c., in the volunteer service. They will be made out in duplicate in all cases—one to accompany the recruiting return of the recruiting officer (not the recruiting officer) to the Adjutant General, and one to accompany the accounts of the officer who pays bounty, &c.—The Regiment and Company in which the soldier has served should be given on the back.

NOTE 2.—An enlistment holds to service. A muster-in must, in all cases, precede payment of pay, bounty, pension, &c. A muster-in roll must, in all cases, be filed in the Adjutant General's Office as evidence of muster-in. The recruiting officer, commissary, or assistant commissary of musters, as the case may be, will countersign both enlistments as having mustered the soldier into the service of the United States before either of them is given to the disbursing officer.

I, J. G. Wells, desiring
to VOLUNTEER as a Soldier in the Army of the United States, for the term of THREE YEARS,
Do Declare, That I am 24 years and 0 months
of age; that I have never been discharged from the United States service on account of disability or by

NOTES.

1. The amount of any extra pay for which the soldier may be mustered, or, as Acting Hospital Guard, as Soldier, &c., and which may be still due him, must be carefully noted.
2. In the column headed "BOUNTY PAID," must be entered the whole amount due him; in that of "BOUNTY DUE," the whole amount yet due him. Bounty paid by State authorities, and not by the United States, will not be entered on this statement.
3. Stoppages for loss or damage done to arms, or other public property, must be noted, and the articles, and particular damage to each, specified. When stoppages are due, under sentence of a Court Martial, a transcript of the same must be entered here; and the amount already stopped, must be carefully stated.
4. In every case of desertion, the date, and that of delivery, or apprehension, must be given, together with a correct transcript of the order of sentence or pardon.
5. A careful settlement of the man's CLOTHING ACCOUNT must be made, to date, and the amount DUE TO, or FROM him must be properly noted.
6. Should the man have been engaged in any action or skirmish, it must be mentioned, together with date and place. A full and particular mention will be made of any wounds he may have received in action, or other injury, whilst in the line of his duty.
7. If the soldier is entitled to pay for the use of his horse, the company commander will certify to that fact on this list, and also to the time he has pay due for having been so mounted on his own horse.
8. When a soldier is furnished with final statements, his descriptive list, if he has one, should be taken up by the officer who gives the soldier these statements, and endorsed with a statement to this effect by the officer. This endorsement should exhibit a full statement of the time for which the soldier was allowed pay on his final statements, the clothing account, and all other charges against him or in his favor, so as to comprise a complete exhibit of his account. It will then be transmitted to the company commander of the soldier, who will enter all the data necessary to pay the soldier's account on the muster roll upon a full understanding of the soldier's discharge is reported. The descriptive list will then be destroyed. The object of this is, that the remaining portion of the soldier's account may be settled upon the receipt of these muster rolls, and the soldier receive any pay or allowances that may be due him at the time of his discharge, and which may not appear on his final statements from the fact that his descriptive list is incomplete. These accounts for back pay, &c., are settled by the 3d Auditor of the Treasury Department.
9. Where a soldier dies in Hospital or on detached service, his list, if he has one, should be sent with his final statements, to the Second Auditor, Washington, D. C.
10. Men drafted will be considered as mustered in from the date of enrolment, and will be mustered for pay on the usual rolls for Volunteers, and will be mustered for pay on the heading "Joined same line as the soldier's name, under the heading "When Mustered in."—(Commencement of First Payment by Time." will be given the date when the soldier was drafted; under the heading "When Mustered in," will be given the place from which drafted; under the heading "When Mustered in," will be given the No. of the Enrollment from which he was drafted, and the State to which it is attached. (meaning 4th Enrollment District, State of D. Mass.)
11. A separate descriptive list should, as a general rule, be made.
12. Descriptive lists must, in all cases, be signed by commanding officers, and not by enlisted men acting as such.

A careful examination of the muster in rolls of the
22nd Ky Inf. Commanded by Col. D. H. Lindsay
in the case of J. D. Welch, it appears that
he joined for duty and was enrolled October
25th 1861 and was mustered into the service of the
State of Kentucky, to be mustered into the service of
the United States, for three years or during the war
and accepted on the 21st day of November 1861
by Hon. Genl. Davis State Mustering officer. It also
appears of record that said J. D. Welch deserts
Oct 25th 1861, which was the exact date of
his enlistment, and consequently could not have
been mustered into the State service, one month later.

Major:

As you directed, I sent all the papers concerning J. B. Welch, together with a copy of your letter to me, to the Adjutant General. The following is his answer

"Frankfort Oct. 28th 1863"

"From a careful examination of the muster in roll of the 22^d Ky. Vol. Inf. Commanded by Col. C. W. Lindsey, in the case of J. B. Welch, it appears that he joined for duty and was enrolled October 25th 1861 and was mustered into the service of the State of Ky. to be mustered into the United States Service for three years or during the war and accepted on the 21st day of November 1861 by Hon. Garret Lewis, State Mustering Officer. It also appears of record that said J. B. Welch deserted October 28th 1861 which was the exact date of his enlistment, and consequently could not have been mustered into the State Service, one month later.

"Given under my hand this day and date above written"

Signed

Adj. Gen. of Ky.

Louisville, Ky. 10th Oct 1863

Capt W. C. Price, Pro mar. 9th Dist
Frankfort
(Captain)

I am in receipt of yours of 8th
inst. referring to the case of J. B. Hecob who
is named as a deserter by reason of having
mustered with a Company for State Muster
but considered that he did so not to call for
to aid in a false bond of the Company. I
received with your letter certain documents in
the case all which I return.

You are instructed as follows: If Hecob
did not ^{in U.S. Service} call on an enlistment papers (blank
form enclosed) and ^(blank muster in roll enclosed) he were not enrolled and
did not present himself for muster in to U.S.
service by a U.S. mustering officer and
if he did not receive allowances from U.S. as a
soldier of the Company he is not a deserter
from U.S. service.

He is however liable for offenses as follows:
1st If he mustered into State service by simply

presenting himself at time of muster in and answer-
ing to his name called from a muster in roll (the
oath is not at all necessary as contract below
will show) that he actually truly & fully was
mustered into State service. But the State Mus-
ter-in rolls say that the men do so muster-in
for transfer to U. S. service and agree to obey
their officers and abide by the articles of war. The
Adjutant General of the State reports the Companies
thus enrolled, for muster into U. S. service and
thereby orders the men to be transferred, according to
the terms of the State Muster-in roll and if the men
refuse to be mustered in to U. S. service they refuse
obedience to the Adj. Gen. Their Superior officers and
are liable to State Court-martial.

2^d Further, the men are subject to all the obliga-
tions of soldiers of the State in that Company &
the officers retain their authority as State offi-
cers as well as U. S. officers. Hence the officers
can require such men to do every thing that he
may require his other men to do and their dis-
obedience can be punished to the same extent
only if a court martial decree the punishment
that must be called as a State Court martial.

The only difference exists in this that such men
cannot be put on the U.S. muster & pay rolls and
they cannot be paid by the U.S. but must look
to the State for their pay & allowances.

3^d He is liable for consequences as being a, ^{the names of} party to
a fraud practiced on the mustering office in
appearing as a member of the Company by
which certain valuable considerations were occu-
red to some persons & persons probably the offi-
cers who had been commissioned to recruit the Co. —
You will first satisfy yourself that Nelson did not en-
list or was not enlisted on a U.S. Muster in ret, &
membering that taking the oath is not evidence
& when so satisfied will not arrest him on the part
of the U.S. as a deserter from U.S. service.

But you will make the whole case known to
the Adjutant General of the State, for this writing
to him a statement & sending therewith the docu-
ments which you sent to me & therewith I enclose
to you with any others that you think of value
also a copy of this letter — or such extracts there-
from as may be applicable. with a view to have
all parties implicated, particularly the officers who
may have profited by the deception, properly

dealt with and to aid him in establishing Federal
 Rules under such cases, which are best for
 present. It strikes me that a State Court Martial
 should be constituted to sit permanently and try
 cases of State Military offenders.

Yours Truly
 Wm. Liddle
 Major US Army

Extract from ~~Mustered Regt. Art. 100 page 34~~ ~~Principle de-~~
 rived from decision of Supreme Court of U.S.
 "104. The mustering officer will then cause the complainant
 to take the oath of allegiance contained in No. 10. Article of
 the Rules & Articles of War this being proper to require subordi-
 nation and faithful service on the part of the man who
 have, by enrolment and muster as volunteers, enlisted in the
 service of the United States. It is not absolutely necessary,
 but proper, that the oath be administered as the men are
 fully bound to the service by the act of mustering. The
 substance of the oath may be mentioned beforehand & re-
 quired; it must be administered by an officer of the Regt.
 army or a civil Magistrate preferably the former. The
 company, officers included, will be directed to uncover
 their heads and hold up their right hands and then in a
 loud & very distinct unprepared manner the following
 oath will be administered (see art 10 R & A of War)
